FELTernative 2025 Exhibition

Thanks to all members who visited, took part in, organised or helped to set up the FELTernative 2025 exhibition from the 3rd to 5th of October. The opening night was well-attended and a great success. The Malvern Artists' Society Gallery was a wonderful venue which showcased 52 unique and varied artworks.

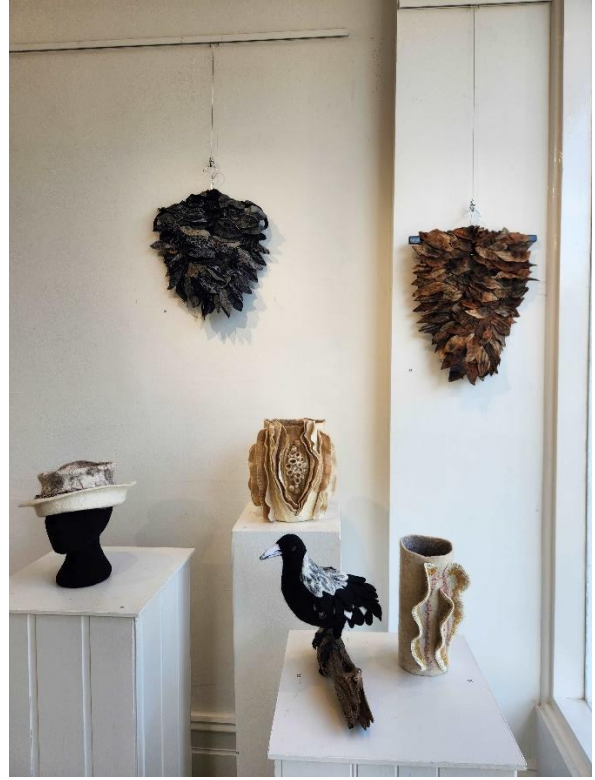

Mary Stewart Craig, our recently retired President welcomed attendees to the exhibition, thanking the organising and set-up team, who have been involved in planning for over a year. This included Margot Ling, Rita Caspersz, Carol Weston, Jane St Quintin, Brigitte Haldemann, Judith Latham and Di Morley, along with other committee and general members. Mary, along with Margot, played a pivotal role in the success of the exhibition.

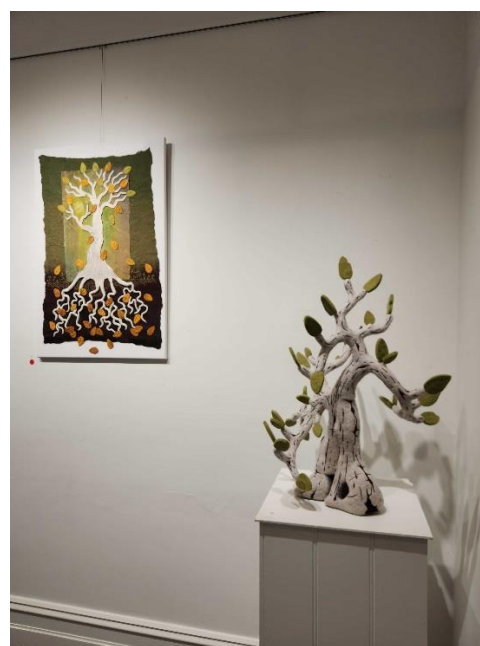

Mary then introduced Tony Cooper to open the exhibition. Tony was the Treasurer of the Victorian Feltmakers for over 20 years. He outlined the 30-year history of the Feltmakers from its inception in 1995 and acknowledged members and committees' past for their work in keeping the Feltmakers an active and highly skilled group.

Remaining events for 2025
