Beginners workshops 2026

Flowers

Our member Jo, will go through how to make a variety of flowers including a rose, lily and camellia using basic wet felting techniques which you can make into a brooch or use as an embellishment on a hat, bag or that special project

Jewellery Making

Margot and Rita have paired up to show participants how to make and use wet felted beads and cords to make their own jewellery. A great introduction into wet felting, designing and creating your own pieces.

3D Hearts

There is nothing quite like wool as a medium for bringing comfort. Through the Heartfelt Community Project, founded by the artist Wendy Bailye, where wool felted hearts are created and shared as symbols of care, hope, and compassion. These hearts provide comfort to recipients, and the felting process itself supports emotional wellbeing for makers. Let's make the comfort hearts for someone in need and share them freely with the local community.

Pod Vessel

Discover the magic of felting in this relaxed and creative workshop you will learn how to craft your very own small pod just like the one pictured while picking up the essential skills to get you started on your felting journey
